

Add New Layers

5.3 Add New Layers

To add a new layer in GeoServer, follow the steps below

- On the left sidebar, select Stores.
- This will open the main Layers page where existing Layers are listed.
- On the Layers page, look for the Add New Layer link or button.
- Click Add New Layer to open the form for entering the details of the new Layer.

Layers

Manage the layers being published by GeoServer

[Add a new layer](#) [Remove selected layers](#)

<< < 1 2 3 4 5 > >> Results 1 to 25 (out of 182 items)

<input type="checkbox"/>	Type	Title	Name	Store	Enabled	Native SRS
<input type="checkbox"/>		buildings	imis_africa:buildings_layer	imis_africa_building_info	✓	EPSG:4326
<input type="checkbox"/>		citypolys	imis_africa:citypolys_layer	imis_atrica_layer_info	✓	EPSG:4326
<input type="checkbox"/>		containments	imis_africa:containments_layer	imis_base_fsm	✓	EPSG:4326

To add the new layer select the table you want to add layer to.
